CITY ORDINANCE NO. 18- (2024)

AN ORDINANCE ESTABLISHING THE GREEN BRIGADE IN THE CITY OF BINAN MANDATING ALL BASIC EDUCATION STUDENTS IN THE CITY TO BECOME MEMBERS FOR THE PROTECTION OF LAGUNA LAKE, ENVIRONMENTAL CONSERVATION AND DISASTER READINESS.

Author: HON. CHRISTOPHER A. ALBA

WHEREAS, the City of Biñan is committed to fostering a sustainable environment and enhancing disaster preparedness among its citizens. The protection of Laguna Lake and environmental conservation are paramount to the health and well-being of the community.

WHEREAS, elementary and secondary education institutions play a vital role in shaping the values and attitudes of young people towards environmental stewardship and disaster readiness.

WHEREAS, through active involvement, the youth can contribute positively to the environment and be better prepared for natural disasters affecting our community.

NOW THEREFORE, be it ordained by the Sangguniang Panlungsod of the City of Biñan in session assembled that:

Section 1. Title

This ordinance shall be known as the "Binan Green Brigade Ordinance of Biñan City."

Section 2. Purpose

The purpose of this ordinance is to establish a Binan Green Brigade that empowers basic education students to take an active role in environmental protection and conservation efforts, specifically targeting the preservation of Laguna Lake and surrounding areas and disaster preparedness and risk reduction management training.

Section 3. Definition of Terms

1. Disaster Preparedness and Risk Reduction Management (DPRRM) refers to the strategies and actions taken to prepare for, mitigate, and respond to disasters. This includes training, planning, and building awareness about risks and emergency responses to ensure that communities can better withstand and recover from disasters.

2. Basic Education Students are those learners enrolled in the formal education system, typically classified as follows:

3. Early Childhood Education (Pre-Primary)

- This includes programs for children ages 3 to 5, often referred to as kindergarten. It focuses on holistic development, including physical, social, emotional, and cognitive skills.

4. Elementary Education

- This stage caters to students typically aged 6 to 11 years, covering grades 1 to 6. The curriculum includes subjects such as Language (Filipino and English), Mathematics, Science, Social Studies, and Arts, fostering basic literacy and numeracy skills.

5. Secondary Education

- This includes students aged 12 to 16 years, covering grades 7 to 10 in the junior high school and grades 11 to 12 in the senior high school. The curriculum is more specialized, offering various academic tracks (e.g., Academic, Technical-Vocational-Livelihood, Sports, Arts and Design) aimed at preparing students for higher education or workforce entry.

Section 4. Creation of the Binan Green Brigade

A Green Brigade is hereby established in all public and private elementary and secondary schools in Biñan City, composed of students interested in engaging in environmental protection activities.

Section 5. Membership

All basic education students (elementary and high school) within Biñan City are mandated to become members of the Binan Green Brigade. Participation will be integrated into the school curriculum under Environmental Science or similar subjects.

Section 6. Objectives of the Binan Green Brigade

The objectives of the Green Brigade include, but are not limited to:

- Conducting regular clean-up drives along the banks of Laguna Lake.
- Organizing tree-planting and biodiversity conservation activities.
- Promoting awareness campaigns including poster-making, jingle-making, and other activities on the importance of protecting Laguna Lake and its surrounding environment.
- Encouraging sustainable practices within schools and communities such as recycling, upcycling, and waste segregation and zero waste practices.
- Collaborating with local government units and non-governmental organizations for environmental initiatives.

Programs and Projects for Basic Education Students. The Green Brigade in each school may learn the following disaster readiness program:

1. Disaster Preparedness Education Program

- Description: A curriculum-based initiative that teaches students about different types of disasters, their impacts, and safety measures.
- Activities: Classroom discussions, lectures by experts, and interactive lessons.

2. School-Based Disaster Risk Reduction Planning

- Description: Engaging students in creating a disaster response plan specific to their school environment.
- Activities: Group activities to identify risks, develop evacuation routes, and create a communication plan.

3. Emergency Preparedness Workshops

- Description: Workshops focusing on basic first aid, emergency response skills, and disaster recovery techniques.
- Activities: Hands-on training with local health professionals and emergency responders.

4. Environmental Awareness and Action Campaigns

- Description: Initiatives that educate students on the relationship between environmental health and disaster risk reduction.
- Activities: Tree planting drives, clean-up campaigns, and poster-making contests advocating for the environment.

5. Community Simulation Drills

- Description: Conducting mock drills to practice emergency response procedures at the school level, simulating various disaster scenarios.
- Activities: Organizing evacuation drills, role-playing scenarios, and creating disaster scenario simulations.

6. Creation of Disaster Response Teams

- Description: Forming student-led teams responsible for disaster preparedness and education efforts within their school.
- Activities: Team training sessions, leadership development workshops, and community outreach efforts.

7. Participation in Local Disaster Preparedness Events

- Description: Encouraging students to participate in local government-organized events or competitions that promote disaster risk awareness.
- Activities: Joining clean-up drives, awareness marches, and school fairs focusing on safety and preparedness.

8. Utilization of Technology

- Description: Leveraging technology to enhance awareness and preparedness such as creating informational videos or apps.
- Activities: Students can create digital content that educates peers and the community about disaster readiness.

9. Peer Education Programs

- Description: Training students to act as peer educators, sharing knowledge about disaster preparedness with younger students or their families.
- Activities: Organizing presentations, workshops, or storytelling sessions in elementary schools.

10. Reflection and Action Plans

- Description: Encouraging students to reflect on what they have learned and create personal action plans for disaster preparedness.
- Activities: Writing essays, creating artwork, or proposing projects that illustrate their understanding of disaster risk reduction.

Section 7. Implementation and Oversight

The Department of Education (DepEd) Division Office in Biñan City together with the Committee on Disaster Preparedness and Risk Reduction Management Committee and Environment Committee shall oversee the implementation of this ordinance. Each school shall designate a faculty adviser to guide students in their activities and ensure coordination with local authorities.

Section 8. Funding

Funds amounting to One Million Pesos annually is necessary for the operation of the Green Brigade and shall be allocated from the local government's budget for education and environment programs. The Green Brigade may also seek sponsorships and partnerships with local businesses for funding related to their activities.

Section 9. Violations and Penalties

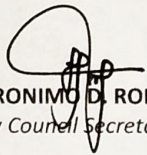

Failure to comply with the provisions of this ordinance may result in disciplinary action as determined by the respective schools, which may include community service in environmental projects.

Section 10. Effective Date

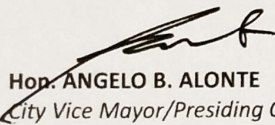

This ordinance shall take effect immediately upon its approval and publication.

UNANIMOUSLY APPROVED.
