CITY ORDINANCE NO. 18-(2025)

“AN ORDINANCE ESTABLISHING A FRAMEWORK FOR THE DEVELOPMENT AND IMPLEMENTATION OF WASTE-TO-ENERGY TECHNOLOGIES IN BIÑAN CITY.”

Authored By: HON. ALEXIS H. DESUASIDO

Section 1. Title

This ordinance shall be known as the “Waste-to-Energy Development and Implementation Ordinance of Biñan City.”

Section 2. Purpose

The purpose of this ordinance is to:

- Promote sustainable waste management by converting municipal solid waste into energy;
- Reduce the volume of waste destined for landfills and minimize environmental pollution;
- Encourage investment in renewable energy and support eco-friendly technologies; and
- Enhance the overall energy security and environmental quality of Biñan City.

Section 3. Definition of Terms

- **Waste-to-Energy (WtE):** The process of generating energy in the form of electricity or heat from the treatment of waste.
- **Municipal Solid Waste (MSW):** Waste collected by local government units, including residential, commercial, and institutional waste.
- **Project Proponent:** Any private or public entity that develops, finances, or implements a waste-to-energy project.
- **Renewable Energy Credits (RECs):** Certificates representing proof that energy has been generated from renewable sources, which may be used to incentivize compliance.

Section 4. Scope and Applicability

This ordinance shall apply to all waste-to-energy projects proposed or implemented within the territorial jurisdiction of Biñan City, subject to applicable national laws and environmental regulations.

Section 5. Guidelines for Waste Segregation and Collection

- The local government shall strengthen programs on waste segregation at the source to maximize the efficiency of waste-to-energy processes.
- Educational campaigns will be conducted to inform citizens and businesses of proper waste segregation practices.
- Designated collection points and transportation routes for segregated waste destined for waste-to-energy facilities shall be established.

Section 6. Waste-to-Energy Project Development

- Project proponents must submit a comprehensive proposal, including a technical feasibility study, environmental impact assessment, and economic viability report, to the City Planning and Environment Office for evaluation.
- Projects must comply with all relevant environmental, health, and safety standards set by national agencies such as the Department of Environment and Natural Resources (DENR) and the Department of Energy (DOE).
- Incentives such as tax breaks, subsidies, or priority permits may be provided to projects that demonstrate high environmental and economic benefits.

Section 7. Roles and Responsibilities

- **City Government:**
 - Provide regulatory oversight, monitoring, and enforcement of this ordinance;
 - Facilitate partnerships between the public and private sectors; and
 - Allocate funds for pilot projects and public awareness initiatives.
- **Project Proponents:**
 - Ensure full compliance with this ordinance and related national regulations;
 - Engage in transparent public consultations during the planning and implementation stages; and
 - Operate and maintain waste-to-energy facilities in a manner that minimizes adverse environmental impacts.
- **Citizens and Local Businesses:**
 - Adhere to waste segregation guidelines; and
 - Support local government initiatives through active participation and cooperation.

Section 8. Funding and Incentives

- The local government may allocate budgetary funds, secure grants, or form public-private partnerships to support the development of waste-to-energy facilities.
- Project proponents that achieve specified benchmarks in waste reduction, energy production, and environmental protection may be eligible for additional financial incentives, including Renewable Energy Credits (RECs).

Section 9. Monitoring, Reporting, and Compliance

- The City Environment and Energy Office, in coordination with other relevant agencies, shall monitor waste-to-energy projects for compliance with this ordinance.
- Regular progress reports and environmental performance reviews shall be submitted by project proponents to the local government.
- Non-compliance with this ordinance may result in penalties, suspension of operations, or revocation of permits.

Section 10. Penalties

- Any person or entity found in violation of this ordinance shall be subject to penalties which may include fines, suspension of operations, or other administrative sanctions as determined by the City Government.
- Repeat offenders may face higher fines and additional corrective measures as prescribed by local laws.

Section 11. Separability Clause

If any provision of this ordinance is declared invalid or unconstitutional, the remaining provisions shall remain in full force and effect.

Section 12. Repealing Clause

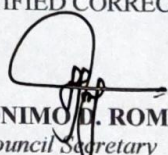

All ordinances, rules, and regulations inconsistent with the provisions of this ordinance are hereby repealed or amended accordingly.

Section 13. Effectivity

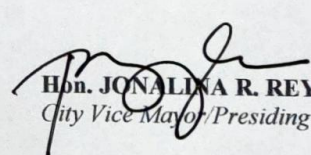

This ordinance shall take effect fifteen (15) days after its publication in a newspaper of general circulation and its posting at strategic points within Biñan City.

UNANIMOUSLY APPROVED.

CERTIFIED CORRECT:

GERONIMO D. ROMANTIGUE, MDMG
City Council Secretary

ATTESTED BY:

Hon. JONALINA R. REYES
City Vice Mayor/Presiding Officer

APPROVED BY:

Hon. ANGELO B. ALONTE
City Mayor
